

Welcome to The Botanist Brewery & Kitchen

At The Botanist Brewery & Kitchen we are proud to be brewing our very own high quality beers that are exclusive to The Botanist Brewery. Using only the finest ingredients of which many ingredients are locally sourced which helps ensure that we can reduce our carbon footprint as much as possible during the brewing process. Our beers are matured initially in our fermentation vessels for a week allowing them to mature and develop their individual characteristics and flavours. Once ready they are transferred into their distinctive green and pink casks, allowed to settle and then expertly served right across from where they were produced, ensuring we create an unforgettable experience for you when visiting us. Enjoy our beer!

Mango, lychee and lip-smacking grapefruit flavours harmonise against a smoothly composed malt base, which develops into a crisply bitter finish. Are you ready for our tightrope of taste?

Magic Rock Brewery Cannonball 7.4% £5.25

Cannonball is an India Pale Ale in the true tradition, high in alcohol and massively hopped to survive a long sea voyage. We don't want you to wait though, crack the cap and let the flavour explode on your palate. Tropically fruity, resinous hops compete against a sweet malty backbone, while a rasping bitterness builds to a mouth puckering crescendo. Our hop bomb might just blow you away...

Odell Brewing Company St Lupulin 6.5% £5.25

Gold in colour, with a slight hazy quality. Aromas of hops, backed with hints of steamed vegetables. Hopback Crop Circle 4.2% £5.25

A very clean, flaxen-coloured beer with wonderful thirst-quenching properties. The subtle blend of aroma and bittering hops give a crispness on the tongue which is delicately fruity, giving way to some dryness. The inclusion of flaked maize in the grist subtly hints at crisp corn flavours

Hopback Brewery Summer Lightning 5.0% £5.25

A trendsetter in the brewing industry; the original summer ale brewed all year round. An extremely pleasant bitter, straw-coloured beer with a terrific fresh, hoppy aroma. Meantime London Pale Ale 4.3% £3.95

One hundred and fifty years ago the new bitter beer style, Pale Ale, was so popular that brewers had to import Californian hops to meet demand. Meantime London Pale Ale continues that tradition by combining lots of American Cascade and Centennial hops to give it a complex citrus aroma and bucketsful of local Kentish Goldings to provide the bitterness that makes the style so refreshing. Together they conspire to assail the nose with a complex, heady mix of spearmint, grass and 'hop sack' aromas, fruity citrus flavours and a bitter finish that makes Pale Ale drinking a truly rewarding experience

Meantime Union 4.9% £3.95

US and Bavarian hops and coloured malts produce a deep copper coloured beer with a firm fruity caramel aroma, a smooth complex malt character and a long crisp clean finish. This beer is slow fermented and cold-matured over long periods to ensure perfect balance

Duvel 8.5% £4.50

Duvel is unique. No other beer is made like it, or tastes like it. Blonde and refreshing like a Pilsner, but with the flavour, depth and complexity of an Ale. It's the beguiling nature that has made Duvel a long time Belgian favourite
